

APPLICATION- and PRODUCT DATASHEET

Fluna Gun Cleaner

HIGH PERFORMANCE- BORE CLEANING PASTE

DESCRIPTION :

Fluna Gun Cleaner is a high performance bore cleaner for any kind of firearms. **Fluna Gun Cleaner** removes powder-residues and metal fouling of lead, copper and tombak from any kind of barrels.

FIELD OF APPLICATION :

For mechanical and fast cleaning of smooth and rifled barrels from guns, pistols and revolvers. Cannot be used on blued steel or otherwise treated surfaces made of metal, plastic or wood.

CHARACTERISTICS :

- ✓ Easy to use
- ✓ Very effective cleaning performance
- ✓ Fast cleaning result
- ✓ Harmless for bore-steel

APPLICATION :

Take a clean cotton-plug and pre-clean the barrel with **Fluna GunDegreaser** or similar product. This can be done with a bore snake as well. After that, dip another clean cotton-plug or a plastic brush in **Fluna GunCleaner** and coat the barrel evenly. Wait approx. 10 minutes reaction time, don't let the **GunCleaner** be dried! After this, take a bronze or brass brush and clean out the metal fouling from the barrel with min. 20 moves forward and backward. Use a cleaning-rod guide! Finally clean out the residual of the **GunCleaner** with **Gun Degreaser** and cover the barrel with **Fluna GunCoating**. Make sure that barrel is cleaned conscientiously by watching the color of cotton-plug. Just white plugs guarantees a clean barrel! **Store the GunCleaner** cool and dry!

PRODUCT DATAS :

Article Number : REGCL0050240

Intrastat No. : 34059010

EAN-Code : 9120041426056 Single Product
9120041426407 Overpack with 12pcs

Product Size : 50ml Paste

Packaging : Alu Can DN45mm, screwable Cap
Alternatively in Blister Packaging

Packaging Unit : 12 pcs in one box, 0,75kg / box

Storage : cool and dry, at approx. +5°C to +40°C

Classification : NO dangerous good
UFI 59H0-EAMN-U405-D02W

Labels : Single label, 1-language (de,gb,ru,it,fr)
